

**OBSERVATION POLICY  
STORMONT-VAIL REGIONAL HEALTH CENTER**

Any person who wishes to observe direct patient care at Stormont-Vail Regional Health Center must comply with the following standards if he or she is not a member of the Medical Staff, involved in the care of the patient being observed, an employee of SVHC not assigned to the area, or a student whose educational activities are included in an affiliation agreement between his or her educational institution and Stormont-Vail.

- A. Observation approval will only be given to the following:
1. Hospital personnel with a legitimate need to observe a specific procedure or procedures.
  2. Students in the medical field or interested in pursuing a career in the medical field (minimum of 18 years of age).
  3. Physicians licensed in Kansas or another state.
- B. No observers are allowed in any hospital patient care area without approval of the Department Director (or Directors, if more than one area is requested), and the Chairs of the appropriate Medical Staff Department(s) or their designees after submission of a completed application on the approved form. An application form will not be considered complete unless all requested information is included.

Surgical observation approval must include the surgeon, anesthesiologist, Director of Surgical Services or their designee.

**NOTE:** Family members, regardless of status that might otherwise apply, may not observe surgery.

- C. While an observer is in any hospital department, he or she must adhere strictly to all department policies and procedures. For surgical observations, the Surgical Specialty Coordinator/Clinical Educator or his or her designee will be responsible for orienting observers. Students should contact the appropriate educator in advance to schedule an orientation.

While an observer is in any hospital department, he or she will need to have a hospital issued picture identification or name badge.

- D. During any part of the observation experience, all observation rights may be suspended without prior notice by any physician or any caregiver.
- E. An observer who is not employed by SVHC has no implied rights of employees. A physician observer has no implied rights of Medical Staff Members.
- F. At the time of application for observation status, the observer is required to provide the following:

- Tuberculosis Screening

- Results of Tuberculin Skin Test (TST) or Interferon-gamma release assays (IGRA) performed within the past 12 months.
  - Healthcare professionals who do not have a TST within the past 12 months must provide documentation that he or she has met the TST requirements from their primary location of commensurate practice.
  - Individuals with a new or past-positive TST result, or documented severe allergy, will be required to provide evidence of:
    - A completed TB screening questionnaire;
    - A negative chest x-ray completed within the United States in the last 6 months; and,
    - Evidence of follow-up care at a local health agency/department or infectious disease specialist for an evaluation and preventative therapy completion, as applicable.
    - Those who had a previous severe allergic reaction must provide documentation from her/his physician indicating such.
  - Documented proof of current influenza vaccination during seasonal flu period (typically October through March or as defined by Stormont-Vail)
  - Proof of personal health insurance (copy of card)
  - Letter of reference from the educational program director or instructor or supervising physician. (**Not required for Physician observers**)
  - Copy of Kansas or other US state medical license (Physicians only)
  - Proof of professional liability insurance (Physicians only)
- G. Authorization Process: The application should be submitted **a minimum of 3 days** prior to the Observer's scheduled presence in the hospital. Medical Staff Services will assist in obtaining the signatures of the Hospital Department Director, and the Anesthesia Director or designee (if necessary) based on the schedules of the above named individuals.
- H. The observer is responsible for maintaining compliance with this policy at all times during the approved observation period. This includes providing documentation of a current TB screen, personal health insurance or professional liability coverage when applicable.
- I. All observers are required to sign the confidentiality clause on the application.
- J. Observation may not include providing patient care.
- K. Observation status shall be approved for a specific period of time or for a specific procedure.
- For observation status with regard to surgery, the approval period shall be specific either to a particular procedure(s) or for one day.

- Observation status that includes accompanying a physician on hospital rounds or a hospital-based physician shall be limited to three days or to a time period as designated by the sponsoring physician.
- Unaffiliated medical students, Physicians Assistants (PA) students or Advanced Registered Nurse Practice (ARNP) students may be annually approved to participate on a scheduled intermittent basis, with approval by the sponsoring physician.
