

About Stormont Vail Health

Located in Topeka, Kansas, Stormont Vail Health has been caring for northeast Kansas for more than 125 years. Stormont Vail is an approved ACS Level II Trauma Center and Level III NICU. We also have Joint Commission accredited programs (Stroke, MI, Total Joint Center and Prematurity).

Stormont Vail has various multidisciplinary rounds including intensivists (i.e. MICU, SICU, Trauma, PICU and NICU), psychiatry (i.e. pediatrics, adults and geriatrics) and 24/7 ED/Trauma pharmacy coverage. Stormont Vail is affiliated with numerous physician clinics and rural health systems throughout northeast Kansas, and is a member of the Mayo Clinic Care Network.

Clinical Pharmacy Services

The Stormont Vail Clinical Pharmacy team provides comprehensive pharmaceutical care to patients through optimizing medication therapy and promotes health, wellness and disease state prevention.

Stormont Vail Clinical Pharmacy team upholds the American College of Clinical Pharmacy philosophy of pharmaceutical care; which is blending a caring orientation with specialized therapeutic knowledge, experience and judgment for the purpose of ensuring optimal patient outcomes. Stormont Vail Clinical Pharmacy Team also contributes to the generation of new knowledge that advances health and quality of life.

PGY1 Pharmacy Residency Program at Stormont Vail Health

Stormont Vail Health PGY1 Pharmacy Residency Program

The Stormont Vail Health PGY1 Pharmacy Residency Program is a 12-month training program offering a broad range of pharmacy practice experience. Our mission is to provide our residents with experiences that develop the knowledge, skills and values needed to support excellent pharmaceutical care for the patients they serve during their residency and throughout their careers.

Our PGY1 pharmacy residency program purpose is to build on Doctor of Pharmacy (Pharm.D.) education and outcomes to contribute to the development of clinical pharmacists responsible for medication-related care of patients with a wide range of conditions, eligible for board certification, and eligible for postgraduate year two (PGY2) pharmacy residency training.
