Patients from across northeast Kansas choose Stormont Vail Health for world-class care when it matters most. Proceeds from the 2018 BIG HEARTS Golf Tournament will assist patients and their families who receive services to treat, heal, prevent and cope with cancer including equipment purchases at the Cotton O'Neil Cancer Center.

Real-time Position Management (RPM) System: The simple act of breathing tends to move lung and breast cancer tumors, making it difficult to precisely deliver the necessary radiation dose. The RPM system will help our physicians deliver the optimal doses of radiation with greater accuracy and help protect surrounding healthy tissue from unnecessary treatment.

MapCHECK/Matrix X: A significant number of patients are treated with techniques that require exact quality assurance measures to determine the accuracy between calculated and actual dose distribution. The MapCHECK/Matrix X system will provide precise calculations more efficiently, allowing our physicians to treat more patients.

More about the Cotton O'Neil Cancer Center:

- Outpatient treatment by adult and pediatric medical oncologists, radiation oncologists and advanced practice nurses
- Clinical research trials and cancer research access as a member of the Midwest Cancer Alliance and a Mayo Clinic Network
- Numerous support services including nutritional counseling, care navigators, and educational programs, resources and support groups

- Accredited as a comprehensive cancer program by the Committee on Cancer of the American College of Surgeons and for its radiation therapy services through the American College of Radiology

Join the Stormont Vail Foundation Sept. 17, 2018 at the BIG HEARTS Golf Tournament to support the Cotton O'Neil Cancer Center.

To become a sponsor, return this form to the Stormont Vail Foundation, tinalong@stormontvail.org or fax to (785) 354-6926.
