

Thank you for choosing Stormont Vail Health as your healthcare provider. Stormont Vail Health’s mission is, “Working together to improve the health of our community”.

As part of our mission, Stormont Vail Health has a Financial Assistance Program (FAP) for our patients who are financially unable to pay their bill in full for emergency and medically necessary care. A FAP eligible individual will not be charged more for emergency or other medically necessary care than the amounts generally billed to individuals who have insurance covering such care. Please see back of this page to determine if you may qualify for FAP.

If you would like to apply for this program, the **Financial Assistance Application form must be completed, signed and returned to Stormont Vail Health. In addition, all required supporting documentation must be attached.**

Financial Assistance will not be approved without the submission of required supporting documentation.
