### Experience

Together we create a health system that is the top choice for both health care and employment in our region.

### Value

Together we hold ourselves accountable to achieving high standards in safety and quality. We accomplish these goals in a manner that keeps us financially stable far into the future.

### Growth

Together we look to the future, and will expand the services we offer to meet the health of Kansans.

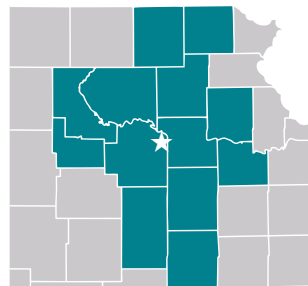

### Community

Together we invest our time and resources in our community.

Serving a multi-county region in Kansas, Stormont Vail Health features the region’s only **Level II Trauma Center** as well as a **Level III Neonatal Intensive Care Unit**.

Specialty clinics in Topeka include the **Behavioral Health Center**, the **Cancer Center**, the **Diabetes & Endocrinology Center**, the **Digestive Health Center** and the **Heart Center**.

Stormont Vail Health serves the **primary care** needs of eastern Kansas with five clinics in Topeka and clinics in the surrounding communities of Carbondale, Emporia, Lebo, Manhattan, Meriden, Netawaka, Osage City, Oskaloosa, Rossville and Wamego.

## Cultural Transformation

### Giving Back

Our Care Line patient assistance program continues to see increased demand. In 2019 alone, we helped more than 9,900 patients and their families with over 16,000 needs.

### Small Moments

Every interaction – whether big or small – is an opportunity to touch the lives of those we serve. Through Small Moments, we strengthen our relationship with those we serve and improve the health of our community.

### Moving Forward

As we move into the future as a population health organization, we will continue our commitment to build partnerships that benefit the community, invest in our patients' experiences and grow and expand access to health care close to home.
