

# COVID-19 Scorecard

Week Ending 07-06-2021

(785) 354-6000 | [stormontvail.org/covid19](http://stormontvail.org/covid19)

## COVID-19 Hospital Volumes

|                                        |          |                                 |      |
|----------------------------------------|----------|---------------------------------|------|
| COVID-19 Inpatient Volume Past 30 days |          |                                 |      |
|                                        | <b>4</b> | Total <sup>1</sup> Hospitalized | 1967 |
| Total Recovered                        |          | 1746                            |      |
| Total Deaths                           |          | 217                             |      |

## COVID-19 Testing & Vaccination

|                                       |                                         |      |                                         |
|---------------------------------------|-----------------------------------------|------|-----------------------------------------|
| COVID-19 Test Positivity Past 30 days |                                         |      |                                         |
|                                       | Current Testing Positivity <sup>2</sup> | 6.4% | Total Vaccinations to Date <sup>3</sup> |
| Positive Tests Past 7 Days            | VACCINATED                              | 1    |                                         |
|                                       | NOT VACCINATED                          | 40   |                                         |

## Cotton O'Neil Clinic Volumes

|                                                    |                                                  |    |                             |
|----------------------------------------------------|--------------------------------------------------|----|-----------------------------|
| Drive Up Testing Past 30 days                      |                                                  |    |                             |
|                                                    | "Call Before you Go" Hotline Volume Past 30 days |    |                             |
| Active Enhanced Primary Care Patients Past 30 days |                                                  |    |                             |
|                                                    | Current Drive Up Testing                         | 28 | Total Enhanced Primary Care |
| Current Call Before You Go                         | 29                                               |    |                             |
| Current Enhanced Primary Care                      | 16                                               |    |                             |

## Team Member Health

|                      |          |   |
|----------------------|----------|---|
| Current Active Cases | Provider | 0 |
|                      | Employee | 3 |

1 - This metric is pandemic cumulative since March 2020

2 - This metric accounts for the previous 7 days. For example, the 7 day average considered for 9/5/2020 would be 8/29/2020-9/4/2020.

3 - This metric is cumulative for 1st and 2nd doses.
