2023 Preferred Lab Benefit

The Cotton O'Neil Clinics at Stormont Vail Health have negotiated laboratory rates for the State Employee Health Plan (SEHP). At time of service, health plan members must request the Preferred Laboratory Benefit and show an identification card to verify current enrollment in the SEHP.

Laboratory locations and hours of operation are listed on this flyer. Members with a Cotton O'Neil primary care physician may have blood drawn at their doctor's office. Laboratory testing results will be reported to the ordering physician.

For Plan A

Plan A covers preferred laboratory benefits at 100% with no deductibles, co-payment or coinsurance required. Members may have a co-payment for an office visit or other services performed as part of the visit.

For Plans C, J and N

Preferred laboratory benefits under Plans C, J and N are subject to an annual deductible. After the annual deductible has been met, preferred laboratory benefits are covered at 100% percent.
