2026 Preferred Lab Benefit

Stormont Vail Health has negotiated laboratory rates for the State Employee Health Plan (SEHP). At time of service, health plan members must request the Preferred Laboratory Benefit and show an identification card to verify current enrollment in the SEHP.

Laboratory locations and hours of operation are listed on this flyer. Members with a Stormont Vail primary care physician may have blood drawn at their doctor's office. Laboratory testing results will be reported to the ordering physician.

For Plan A

Plan A covers preferred laboratory benefits at 100% with no deductibles, co-payment or coinsurance required. Members may have a co-payment for an office visit or other services performed as part of the visit.

For Plans C, J and N

Preferred laboratory benefits under Plans C, J and N are subject to an annual deductible. After the annual deductible has been met, preferred laboratory benefits are covered at 100%.

LAB LOCATIONS

For questions about laboratory locations or testing services, please contact Lab Client Services at 785-354-5937.

Please note that specimen collection and test availability may be affected on the day before a weekend or weekday holiday due to specific collection, processing, and transportation requirements for certain tests.
